3. Make a princess crown!

PRINCESS ARIA'S CLASSY CROWN

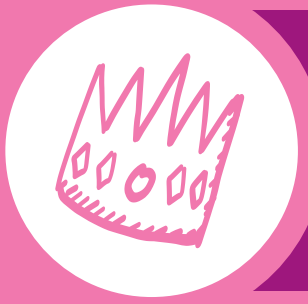

What will we need?

1 or 2 sheets of card

Ruler
Stapler
Pencil

...and whatever you would
like to decorate your
crown with!

MAKING THE CROWN

Step One

Draw a straight line across your card, then draw zig-zags across that line. This is the outline for the shape of your crown.

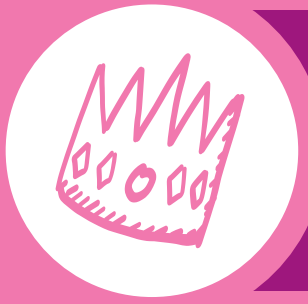

Step Two

Cut along the zig-zag line. If you need two pieces to fit your head nicely, then repeat the previous steps and staple them together.

Step Three

Ask your parents to measure your head and make a mark where you will overlap the card. Make sure to leave a bit of wiggle room!

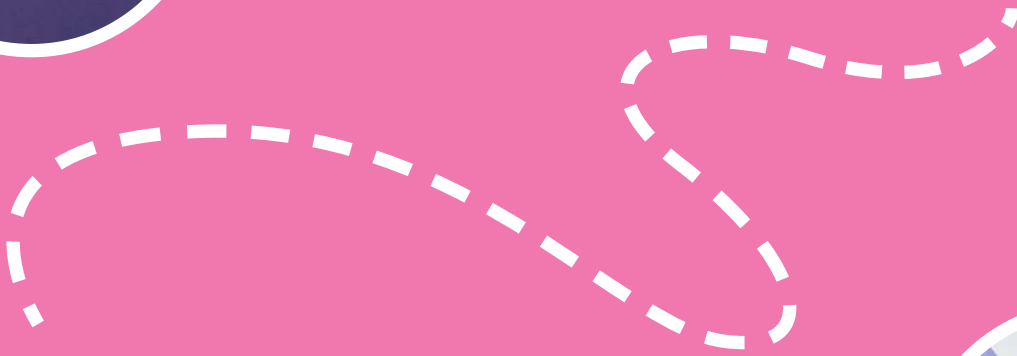

MAKING THE CROWN

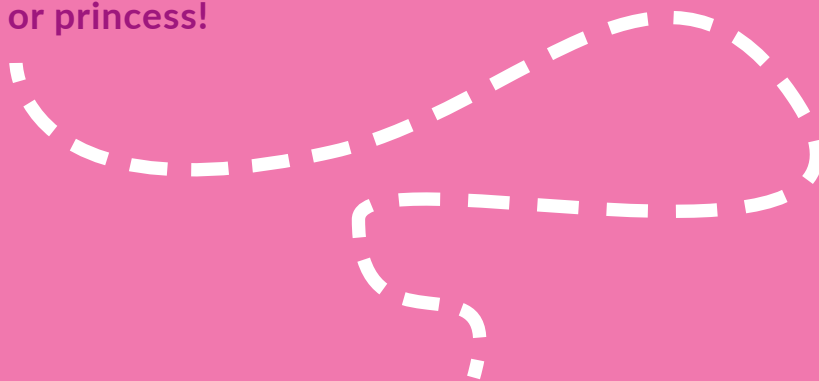

Step Four

Now it's time to get creative and decorate your crown! Glitter, stickers, pens, paints and more; have fun and let your imagination run wild!

Step Five

Once you've finished decorating, staple the ends of the card together where you previously made your measurement mark. Now look in amazement at your very own crown fit for a prince or princess!

**Your kingdom awaits
you, your highness!**

**READY
FOR THE
GRAND BALL!**
